REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left
By Men Who Laid the Founda-
tion of Our County.

With the growth of the town, every effort seems to have made to keep pace with the additional demand for fire protection in Redwood City. Then, as in more modern days, the fire department proved its efficiency whenever called upon, and the citizens were not slow in evidencing their appreciation. In the early part of 1878 the need of more apparatus became apparent, and it was decided to purchase a new hose cart, which with the pressure afforded by the town water system was certain to be quite as effective as a fire engine—especially those in use at that date. The new hose cart was completed early in April, being manufactured to order by Ford & Hanna, its construction being accounted as of the most durable and serviceable character. As a further protection the Trustees decided at the same time to deepen one of the wells at the water works, in order to afford a more ample supply. Originally this well had been sunk to a depth of about 140 feet, but with the second boring it was sent down to something over 200 feet and gave a considerably increased flow.

Here is another birth notice from the columns of the Times and Gazette: "Born in Redwood City, April 4th, 1878, to the wife of John Stafford, a son."

As an example of a genuine depth of brotherly affection and business confidence, the following news article from the columns of the Times and Gazette of May 4th, 1878, is well worthy of reproduction at this time: Under the heading of "Death of Respected Citizens," to report speak as follows: "Patrick Casey of San Mateo died last Sunday after an illness of only a few days and John Casey of the same place died on Tuesday, the day the funeral of the former took place. The two were brothers who came to this country over 20 years ago and who have lived together nearly all that time on the same piece of land in and in the same dwelling. They were both quiet, reserved men, honorable in their dealings, perfectly reliable in what they said, and good neighbors—the kind of men who have the complete confidence of every one who may know them, and who make the best citizens of every land. There was a sympathy and fraternal tie between them that was remarkable in its character, and the circumstances of their lives and deaths were notable. Living for an entire life-time, to the ripe ages of 67 and 69 respectively, in all their affairs they never were divided. They took a severe cold on the same day, while both were engaged in the same labor in one field, their sickness took the same turn, with fever in each case, they died within two days of each other, and are buried in one grave. There was a very large congregation of friends at the funeral, which took place from the Catholic Church in San Mateo, and their remains were followed to their last resting place in the new cemetery near Menlo Park by a large procession of mourners.

HELP THE RELIEF CORPS IN ITS NOBLE WORK.

A dance and card party will be given in Odd Fellows' hall Saturday evening beginning at 8 o'clock, under the auspices of Gen. Geo. S. Evans Relief Corps. It is many years since the Women's Relief Corps of this city has come before the public asking for assistance in their noble work, and it is hoped that it will respond in goodly numbers. A pleasant evening is assured to all who attend. This has been an unusually hard winter on the inmates of the W. R. C., Old Ladies' home as there has been a great deal of sickness, and two deaths, all of which necessitates much additional expense. And to assist in this, and to purchase new flags for use in their work, is their object in coming before the public at this time. Admission will be 25 cents.

Tribute to Supervisor Brown
Wm. H. Brown, the newly-elected supervisor was the recipient of a graceful tribute at the meeting of the board Tuesday. During the noon hour some good friends or friends invaded the supervisors' chamber and decorated Mr. Brown's desk with a beautiful large floral horseshoe. Mr. Brown was much pleased at being so kindly remembered and was heartily congratulated by his fellow members. He will prove an active and able representative of his district.

Popular Life Insurance.
The San Francisco Life Insurance Company, an organization that is wholly of California origin, began business in San Francisco Tuesday and within two days over a million dollars of business was done. The company has for its stockholders and officers many of the most prominent men of the state which fact is a guarantee of its stability. Among its stockholders are some of the leading citizens of Redwood City.

REDWOOD CITY'S FUTURE.

The following resume of Redwood City's progress during the past year was written by Mayor Geo. A. Merrill for the San Jose Mercury: Redwood City has been blessed with 12 months of splendid progress during the year now closing. Six miles of new streetwork, a new storm sewer system, \$20,000 expended for extending the municipal water system into new territory, a new concrete reservoir at an altitude of 180 feet above the business portion of the town, giving a high pressure for fire purposes, and a correspondingly low insurance rate; bonds for a new town hall; a new street-lighting system; contracts for a new fire alarm system—all these things have come to us during the past season through public enterprise.

There has also been noteworthy activity in the building line, the expansion of the town westward into the oak-covered foothills going on unrelentingly. Following the completion and opening of the Dubarton bridge for railroad traffic the Southern Pacific has undertaken an here an extensive system of improvements, including the first installment of the long-promised four-track system, and with its rock ballasting, which will be extended from this point northward to San Francisco and southward to San Jose. Paralleling the quadruple tracks a splendid driveway is being built diagonally across the town. To accommodate the heavy street traffic a lift bridge has been built across Redwood creek within the city limits. The Middlefield road, connecting Palo Alto with Redwood City, has been re-surfaced throughout its entire length by the petro-litic process, and municipal bonds have been voted for extending it across to the depot.

The past season has also witnessed the completion of the county courthouse, around which a public park is now being laid out. A new five-acre municipal park is another welcome addition of the departing year. A good beginning has been made on an industrial railroad extending from the Southern Pacific main line to Redwood harbor, and another season will see it completed. This will open up for manufacturing and shipping purposes the best piece of deep water frontage, on the San Francisco Bay.

Business conditions have been good in all lines—practically without exception, reflecting the general tone of the community as evidenced by the generous list of public improvements completed or begun during the year.

Christmas at County Farm
Last Thursday, the choir of St. Matthew's Episcopal church of San Mateo, accompanied by Rev. John Beane, assistant pastor, and several of the congregation, visited the county farm and held Christmas exercises. The choir sang several old English carols, and Mrs. F. W. Metzgar sang a beautiful solo, "Hold Thou My Hand." Mr. Beane preached a short sermon. After the services, a Christmas tree, which the visitors had brought, was lighted, and presents distributed, followed by fruit and candy. The inmates were very grateful for the kindness of their visitors and expressed their appreciation in no mild terms. Besides Miss Woodward, who was responsible for the trip, there were present Mrs. W. R. Snelder, Mrs. Chas. Hutchings, Mrs. J. T. Nolsat, Mrs. Crosby, Mrs. Baker, Mrs. Weagant, and Rev. Mr. Beane.

Rural Carrier Wanted
Charles Kreiss, who for several months has carried the mail on the rural route out of this city, has resigned. C. M. Uhlenberg is acting as substitute until a new carrier is appointed. Postmaster W. A. Price will hold an examination at his office on the 21st instant of applicants for the position.

CITY OFFICIAL PAPER

SOMEWHAT DISAPPOINTING.

To those who gave their support to the dominant wing of the Republican party at the primary election in hope that the politics of the state was to be rid of the evils of bossism, the present spectacle at Sacramento must be something of a disappointment. The presence at the session of the Legislature during its opening days and in the midst of the Senatorial contest of the chairman of the state central committee, endeavoring by every method of cajolery and intrigue known to the professional politician of the old school to influence the representatives of the people in their choice of a United States Senator, contrary to the expressed will of the people, is far from the political reform they were led to expect.

HOLDING TO HIS PLEDGE.

Assemblyman Henry Ward Brown certainly deserves the commendation of his constituents for his determination to give his support to A. G. Spaulding in the pending Senatorial contest. In this he is but proving his loyalty to the mandates of the voters through whose suffrages he is representing San Mateo county at Sacramento. In accordance with the provisions of the new primary law, the voters of this county designated their choice for United States Senator, and in obeying that expression of the will of his constituents Mr. Brown is but manifesting that political honesty which the people of the county presumed him to possess when they honored him with their selection as the representative of the county in the halls of the Legislature.

Although it has nowhere been shown that Mr. Spaulding would not be as fit and capable a representative of the people of the State of California as would be Judge Works, the question of individual qualification is far from the only issue at stake. In the pending Senatorial contest there is something more at issue than the mere personality of the two candidates. In accordance with the plain dictates of the primary law the people of the state have signified to the members of the Legislature that Mr. Spaulding is their choice for United States Senator, and by all the dictates of that political honesty which the people of the state hoped they had secured at the primary election, this choice should be ratified by the Legislature, the majority of the members of which hold their positions by the grace of the same law.

Miss Pauline Hanson and Miss Mabel Alexander, late attaches of the recorder's office, have been appointed to positions in the F. F. Johnson Abstract Co.'s office. Miss Hanson was the chief deputy in the recorder's office for several years and during that time made a host of friends by her courteous treatment to the patrons of the office. She carries with her into the new position the best wishes of a host of friends.

COUNTY SUPERVISORS IN REGULAR SESSION

New Board Organizes and Disposes of Many Important Business Matters.

The board of supervisors held an interesting meeting Tuesday, J. H. Coleman the retiring member, after twelve years of service on the board, took leave of his associates, by gracefully giving way to his successor, W. H. Brown. Considerable business was done by the board. Division Superintendent of the Southern Pacific Co., Thomas Ahern, addressed the board in reference to the petition presented last meeting asking for permission to cross the county road at San Bruno with a spur track.

E. F. Fitzpatrick, appearing for the company, explained the law which gave the railroad power to build its tracks across the public highways provided the road bed is restored to the proper grade. It was not incumbent to make an application for such permission.

The chairman explained that in the absence of legal information the petition was laid over at the last meeting both for the protection of the people and the company.

D. J. Lynch of San Bruno objected to the railroad company using the right of way which had been set apart for public use for its track. He also insisted that proper drainage be maintained to carry off the flood waters, and while on the subject he took occasion to protest against the practice of the company allowing decaying vegetable matter to accumulate near its tracks to the detriment of the health of the community.

Mr. Ahern on behalf of the company promised to provide the needed drainage and assured the board that the sidetrack would be built on the company's right of way. The offensive accumulation complained of by Mr. Lynch was no doubt due to shipments of beets to the dairies. This would be avoided in future.

The clerk was directed to enter on his minutes that the company is authorized to proceed with its work according to law and the satisfaction of the supervisor of the First township, and that its application, being unnecessary, is canceled.

The following liquor dealers were granted licenses, their applications having been considered at the first meeting in December:

First district—Jas. T. Casey, Colma; E. Biglio, Colma; J. E. Rodgers, Colma; A. Huber, Colma; M. Lynch, Colma; I. Poket, Hillcrest; Jos. Millett, Colma.

Second district—J. T. Dunn, Beresford; C. Stader, San Mateo. Third district—O. E. Daves, Portola; Cavalli Bros., La Honda.

Fourth district—John Panuch, Miramar; Thos. F. Quinlan, Miramar.

Fifth district—McCormick & Son, Pescadero.

The following liquor dealers gave notice of intention to apply for licenses a month hence:

First district—Geo. Panagiotaros, Hillcrest; Bernard Ward, San Bruno; John T. Collins, Colma; Geo. M. Collopy, Colma.

Second district—P. L. Archibald, Belmont; H. C. Caldwell, Belmont.

Fifth district—R. Cory, Pescadero. Mrs. Allen of Redwood City was granted \$30 monthly for the support of her 5 abandoned children.

Mrs. Grove of Redwood City was allowed \$18 per month for the support of the three abandoned children of Jas. Dyal.

Mrs. Kate Brown of Redwood City was made an allowance of \$12 monthly for the support of her two half-orphan children.

Mrs. Julia Knapp of Pescadero was granted a monthly allowance of \$8 for the support of her half-orphan child.

Mrs. Mary George of Pescadero was allowed \$8 monthly for her support.

R. F. Chilcott representing the Ravenswood Investment Company presented a map numbered 1 of subdivision 2, of Ravenswood which was accepted by the usual resolution.

A petition signed by T. F. Russell and others of San Bruno was presented, setting forth that San Mateo avenue, the main thoroughfare in that town, having the Spring Valley flume on one side and a water way on the other, had its usefulness impaired, from which conditions they asked relief.

A. A. Green of San Bruno addressed the board in support of the petition. He stated that the stream on the west side of the avenue was not a natural water way, it having been diverted from its original course. The petitioners wanted the stream declared a nuisance. The present condition of the avenue retards the growth of the town. It is desired to lay a sidewalk on the avenue but this is impossible, owing to the presence of the stream of water.

Surveyor Neuman stated that he had made a measurement of the avenue and found that the stream complained of was inside of the prescribed width.

The matter was referred to Supervisor Casey, the surveyor and district attorney on motion of Blackburn, seconded by Francis.

A communication was received from Levy Bros., notifying the board that after date the monthly rental of the fall at Pescadero, owned by them would be \$5.

The question of establishing a drinking fountain on a triangular strip of land in the First township was referred to the district attorney to report at the next meeting.

On motion of Francis, seconded by Blackburn, the following officers were appointed to conduct the sanitary district election at Halfmoon Bay on the 14th instant: W. A.

SIMMONS, JUDGE, A. S. HATCH INSPECTOR, W. F. WIGHTMAN, CLERK, J. P. QUINLAN, BALLOT CLERK.

The action of McEvoy in entering into a contract with the American Land and Water Co. by which he was permitted to take water from the Goat Ranch creek at Portola for a period of ten years was ratified by the board.

As the time had arrived for the organization of the new board, J. H. Coleman took occasion to thank the taxpayers for the great honor in electing him for 12 years as supervisor of the Second township.

He also thanked the members for the courtesy extended him on all occasions and hoped that such consideration would be accorded his successor, W. H. Brown, whom he introduced. Before retiring Mr. Coleman stated that the people of Hillsborough had lately paid \$2000 into the Second road fund and had practically rebuilt the Crystal Spring road.

P. H. McEvoy was again chosen chairman and on taking his seat delivered a neat and appropriate address in which he thanked the board for the confidence thus reposed in him and promised to be fair to all in his rulings. His speech was different from the ordinary address given on such occasions and elicited much applause.

Chairman McEvoy announced his committees as follows: Finance and Auditing—Francis, Brown and Casey. County Farm and Hospital—Brown, Casey and Francis.

Courthouse and Jail—Casey, Francis and Brown. Supplies—McEvoy, Casey and Brown.

A communication was received from H. W. Lampkin, the newly elected justice of the Third township, asking permission to store some old court records in the basement of the courthouse, and requesting that his office be provided with a telephone. Requests were granted.

County Treasurer Chamberlain reported that he had received from the several banks of the county the folio interest on deposits of county funds between March 1st and December 1st:

The clerk stated in reply to a question by the chairman that the surveyor had not furnished a survey and plans of the work to be done in improving the courthouse grounds.

Superintendent MacKenzie explained that the surveyor was not informed as to what was wanted and could not supply the necessary plan.

On motion of Casey, seconded by Brown, the chairman was authorized to co-operate with the surveyor and prepare a survey and plans for the next meeting.

Supervisor Casey called the attention of the board to the recklessness of auto drivers. After a lengthy discussion of the subject it was decided to employ two expert horsemen to serve in the First district during the aviation meet and arrest all offenders, their pay to be \$7.50 per day.

The district attorney, sheriff and Supervisor Casey were appointed a committee to wait on the managers of the aviation meet and ask them to maintain sufficient police force to protect the public during the exhibition.

Attorney Kincaid stated that he had secured a default judgment against the county on behalf of Pierce & Company for roadwork in the Third district, amounting to \$1522.69 and asked that the claim be accordingly settled.

On motion of Blackburn, seconded by Francis, the claim was allowed.
